

REMARKS

Consideration and entry of the foregoing amendments are requested.

The amendments to the specification are to correct readily discernible errors discovered during a review of the specification just prior to preparing this paper. Absolutely no new matter is introduced.

Claims 1-26 are elected for prosecution in the instant application, which resulted in the cancellation, without prejudice, of claims 27-34.

Claim 9 is amended to correct a readily discernible error.

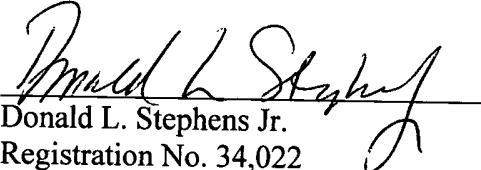

New claims 35 and 36 are submitted for prosecution. Support for these new claims can be found in canceled claims 27 and 30.

Hence, after entry of this Amendment, claims 1-26 and 35-36 will be pending.

Respectfully submitted,

KLARQUIST SPARKMAN, LLP
